Being gender non-binary does not mean not ever performing gender in typical ways. Many non-binary people have more feminine or masculine presentations, while others prefer a gender-neutral appearance. Appearing feminine or masculine does not, however, cancel out their identity as non-binary.

[Does God Have A Gender? | Answers in Genesis](#)

These gender-centric terms have been more or less replaced with the gender-neutral term, flight attendant. In the world of entertainment, the term actress is now considered somewhat of a faux pas. Today, most actors, whether male or female, prefer to be called, well, actors. So, why does there seem to be a conscious shift in the English language?

Media has the power to influence individual beliefs, attitudes, and behaviors. Thus, social norms that influence and encourage gender violence have been targeted by policy interventions using mass media communication. Prior research suggests that media influences through two effects: the individual or direct effect (private) or the social or indirect effect (public).
